
Linkable nicks/username in participant list

Posted by illusioN - 2007/02/11 19:04

I want to link people's nicks/usernames from the participant list to their user profiles.

Is there anyway to do this?

Help would be greatly appreciated.:)

Yeah linking to the persons CB profile would be a VERY nice addition

You can edit mls_events.html.php, function showParticipants, line 484.

Code
