
URGENT: Warnings when creating Events

Posted by gzero05 - 2008/06/29 14:07

Hi, when i create a new event i get two warnings can some body help. and Participants not showing up in front or backend
the warnings are

Warning: Invalid argument supplied for foreach() in
/home/thecunt2/public_html/cm/administrator/components/com_mls_events/admin.mls_events.php on line 265

Warning: Invalid argument supplied for foreach() in
/home/thecunt2/public_html/cm/administrator/components/com_mls_events/admin.mls_events.php on line 281

This is Urgent
Thanks Ben
